

Tech Electronics, Inc. Named New Distributor and Value-Added Reseller of Provider Nurse Call System

FOR IMMEDIATE RELEASE

October 18 - Niles, IL -- Jeron Electronic Systems, Inc. (Jeron) is pleased to announce that Tech Electronics, Inc. Headquartered in St. Louis, MO has recently been named an Authorized Jeron Distributor for key markets in Central United States. The partnership between Jeron and Tech Electronics includes distribution of all of Jeron's Nurse Call products including the industry-leading Provider[®] 790 Nurse Call System.

Jeron's Provider 790 Nurse Call System's scalability and flexibility meets healthcare communications solutions throughout the entire hospital. Along with many standard nurse call features, Provider also supports the most popular step-saving integrations including SIP wireless phones, bed status alerting, real-time staff locating and group text messages/pocket pages.

Mark McNicholas, National Sales Manager for Jeron's sales channels, added, "With an increased focus on facility-wide communications and interoperability with existing technologies, the need for hospitals to do more with less has never been greater. With Tech Electronics on the Jeron team, it will allow us to leverage our collective industry knowledge and strategic relationships to meet the needs of our mutual customers."

Tech Electronics, a leading healthcare technology services organization, has experienced extensive growth this year with the addition of three new offices in Colorado and Kansas. This partnership allows the company to expand its nurse call portfolio to accommodate Acute Care customers in their newly acquired regions. Additionally, Jeron's Nurse Call System will serve as the lead solution offering for Tech Electronics' Illinois and Indiana territories. Jeron will also be added to the Missouri solution portfolio.

"We are excited about our new partnership with Jeron," says Laura Wasson, Director of Healthcare for Tech Electronics. "As our company and healthcare services continue to expand across the country, we needed a partner who not only offered superior products but could also accommodate our growth."
