Experience Provider® Nurse Call at HIMSS18 Booth #6621

FOR IMMEDIATE RELEASE

Niles, IL - Feb. 23, 2018 - - Jeron Electronic Systems, Inc. is excited to host new and existing healthcare customers at the HIMSS18 (Health Information and Managements Systems Society) Conference in Las Vegas held March 6-8, at the Sands Expo Center. Jeron is the healthcare communications leader behind Provider Nurse Call Systems which leverage the latest VoIP technology for fast alerting, clear communications, and streamline workflows for the acute and skilled care markets.

At HIMSS booth #6621, Jeron will have fully operational demonstration systems including the most popular turnkey integration options to show healthcare IT leaders Jeron's Provider Nurse Call solutions for improving clinician workflow while positively affecting patient safety and satisfaction.

"Jeron is looking forward to participating in the largest and most important healthcare IT Conference in the U.S. At HIMSS we will debut new products and functionality with hands-on demonstrations," said Ericka Baran, VP Sales & Marketing at Jeron. "From patient fall risk notification to wireless communications between patients and clinicians, Jeron's Provider nurse call is a total solution for patients, clinicians, and administrators."

Visit Jeron's booth to find out more about the leading applications of the Provider 790 Nurse Call System that support healthcare organizations to improve clinical, financial and operational outcomes.

- Optimize Patient and Caregiver Experiences
- Measurably Improve Quality
- Support your Fall Prevention Protocol
- Streamline Clinical Workflows within and Across Departments
