Jeron Electronic Systems, Inc. and Montana-Wyoming Systems are Proud to Announce Distributorship

FOR IMMEDIATE RELEASE

December 6 – Niles, Illinois - - Jeron Electronic Systems, Inc, a pioneer in design and manufacturing of Nurse Call and Area of Rescue communications, is pleased to announce the addition of Montana-Wyoming Systems as an authorized Distributor of Jeron products for Western North America region.

Since the late 1960's, Montana-Wyoming Systems (MWS) has worked toward excellence in installing life safety systems in and around the states of Montana and Wyoming.

Through this new partnership, Jeron is furthering their overall goal to design, develop and distribute top-tier quality Nurse Call communications and workflow solutions to a wide variety of healthcare communities in the region. Jeron and MWS will drive the hospital communications and workflow market forward setting a high standard in the region.

“Provider® 790 Nurse Call Systems address many communications issues that affect a variety of facilities in the area. Wireless alerting and communications, real-time staff locating, smart bed integration, and activity logging and reporting are just a few solutions that Jeron and MWS can bring to the table,” says Michael Bury, Western Regional Sales Manager for Jeron. Brenda Hutzenbiler, MWS Sales Manager adds, “Montana-Wyoming Systems is proud to introduce such high performance Nurse Call communications and workflow solutions to our acute care and skilled communities and will work with any technical and clinical staff to get the most out of the systems for them.”

Jeron Nurse Call Systems and MWS stand behind these quality products with 24/7 emergency support and in-service training for nursing staff.

ABOUT JERON ELECTRONIC SYSTEMS, INC: A leader in communications systems for the healthcare and life safety industries, Jeron Electronic Systems, Inc. is the engineering and manufacturing force behind Provider Nurse Call and Pro-Alert Area of Rescue Systems. These systems facilitate communications, help speed response times and integrate with a wide spectrum of alerting and notification technologies, all focused on delivering the highest levels of safety. From its founding in 1965, Jeron has earned a solid reputation for innovation, quality and service. Jeron products are engineered and manufactured in the USA.
