## **Jeron Awarded GSA Contract Extension & VA Technical Reference Model Certification**

### **FOR IMMEDIATE RELEASE**

**June 4 – Niles, Illinois** - - Today, Ericka Baran, Vice President Sales & Marketing at Jeron Electronic Systems, Inc. announced that Jeron has been awarded a GSA contract extension and that the Jeron Provider® 790 Nurse Call is approved for use under the VA Technical Reference Model (TRM).

GSA is the U.S. Government Services Agency whose mission is to provide authorized government agencies with solutions to help improve efficiency, sustainability, and transparency in operations. As holder of an IT Schedule 70 contract, Jeron Nurse Call Systems have the backing and trust of the U.S. government for agencies that require highly efficient, reliable, and cost-saving systems. Provider® Nurse Call and Area of Rescue platforms are available for purchase through the GSA contract.

**Contract Holder**  
FSS Contract GS-35F-0331N

The Veteran’s Administration Technical Reference Model (TRM) is a list of assessed technologies and standards used to develop, operate, and maintain enterprise applications. The Jeron Provider 790 nurse call system has been reviewed and approved by the VA for use under the TRM standards.

According to Ericka Baran, “Both the GSA contract and TRM approval gives VA hospitals and clinics full access to purchase and utilize the Provider 790 nurse call platform for their healthcare communication, alerting, and workflow needs. The Provider 790 system readily supports VA healthcare goals with tools for increasing patient safety, patient satisfaction, and staff efficiency.”

Jeron’s Provider 790 Nurse Call System is a complete VoIP digital/full duplex audio Nurse Call communications solution that utilizes wireless phone and messaging integration, touchscreen operations, one-touch facility-wide intercom, automated alerting/workflow functionality and a wide spectrum of patient and staff area components – all designed to optimize patient care and staff efficiency.

**ABOUT JERON ELECTRONIC SYSTEMS, INC:** A leader in communications systems for the healthcare and life safety industries, Jeron Electronic Systems, Inc. is the engineering and manufacturing force behind Provider Nurse Call and Pro-Alert Area of Rescue Systems. These systems facilitate communications, help speed response times and integrate with a wide spectrum of alerting and notification technologies, all focused on delivering the highest levels of safety. From its founding in 1965, Jeron has earned a solid reputation for innovation, quality and service. Jeron products are engineered and manufactured in the USA.
